Church Rock Uranium Mill Tailings Spill July 16, 1979*

(*remains the largest release of radioactive wastes, by volume, in US history)

and Robinson Kelly addressed longterm impacts of spill in 2009. 31

Livestock tracks in Puerco River

downstream of spill, July 17, 1979

Puerco R.

after spill

The Puerco River is a major tributary of the Little Colorado River. Recent population growth and changing lifestyles have created an increased demand for water in the basin.
