

Because we care that...

The “environment” is what we breathe, eat, and drink.

Because we remember that at the heart of our work...

People matter.

Because what we leave behind is what our children will live on...

Our work continues!

We are asking YOU to support the work of SRIC by:

Calling and volunteering • Mailing a check this week • Giving a credit card donation online or by phone
Contributing to SRIC with a monthly deduction from your account • Donating stocks & bonds
Writing SRIC into your will or estate plan • Making SRIC a beneficiary of your trust

If you've received a letter from us asking for your contribution, please donate what and when you can.

A small gift of any amount goes a long way in our budget to pay for the increasing costs of keeping our doors open, so that we can assist struggling communities.

A large gift of more than \$100 can make a big difference in how we help protect the health of people and communities throughout the Southwest.

If you've already given to SRIC this year, THANK YOU SO MUCH for your support!

Southwest Research and Information Center

is a multi-cultural organization working to promote the health of people and communities, protect natural resources, ensure citizen participation, and secure environmental and social justice now and for future generations.
